November began with an author study of Eric Carle. The children had an opportunity to read almost all of Carle's books at the classroom library. They created colorful collage animals inspired by Carle's illustrations.

During Construction Junction Week we made blueprints for buildings and bridges and then used Legos, Kinex and wooden blocks to build our structures.

There was also a construction sensory bin filled with rocks, construction vehicles and blocks for the children to explore.

During group meeting we discussed how to show thanks to those who do so much for us and then made cards for them to show our appreciation for their kindness.

Alphabet Soup Week consisted of alphabet games to help us practice our phonics skills. We made an alphabet soup with objects for each letter of the alphabet and played Letter and Sound Bingo.

In January we will be making winter decorations for an assisted living facility for our community service project.

## Long Days

Long days are days when the Mt Lebanon School District is closed and MLEDP is open for care from 7am-6:30pm. This year, we combine with Lincoln Extended Day Care in the cafeteria and offer activities for the day. This is an extra day that is not already included in your contracted monthly payment. We will have a sign up sheet available at our parent area.

Parents will have one complete week to sign up for the long day. No sign up will be accepted after the deadline. If you are in need of care for the day, please check ves on the sign up sheet and
