Kindergarten Care @ Hoover Elementary School

Closest to a "Class Pet" I will get!

Looking Back-

We focused a lot on Heart Healthy, Dig into Dinosaurs and two Author Studies LAST MONTH. The children loved learning and reading all about Dr. Seuss! We have found him to be a very interesting author. We also had a fun visit from a "real live dinosaur"! We were all very excited to do the Dino Stop with the Dino in the classroom.

February Birthdays

Mrs Elaine-2/1
Arlo B- 2/11
Arlo R-2/15
Matthew-2/21

Happy Belated
Birthday to all of you!

WE TRY OUR HARDEST ...

to provide quality, fun, exciting and new activities for all of the children. If you have any suggestions on anything your child may enjoy while with us, please let us know! We always welcome new idea!

MARCH BIRTHDAYS

Naeem- 3/16

Happy Birthday! We hope you have a fantastic Birthday this month!

Dino Melt

Dino Play

Dino Visit

How often does a
Dino visit you at
MLEDP?

What's Coming Next

This month be prepared to participate in some Country Western Line Dancing, Color Explosion Messes, Journey Rides on The Magic School Bus, and Welcoming Spring Into the Air!

This months themes are.....

3/6/23 Country Western Hoe Down

3/13/23 Color Explosion

3/20/23 Magic School Bus/Science

27/23 Welcome SPRING!

Still life for the Little Artists to look at while painting their masterpieces!

I am very happy to announce that we have partnered with Point Park University again for this Spring semester! We will have some student teachers join us once a week on Wednesday mornings, starting March 8 and run until April 12! They will do some amazing lessons with the children. They are working with the PGH Children's Museum & the creator of "Open the Joy", social & emotional learning kits. This is an amazing opportunity for all! They will be focusing on the emotions of anger, anxiety, empathy, and gratitude this semester.

AT HOME EXPLORATION.....

Grow a RAINBOW

What you will need: Paper Towel, Washable Markers, Water, 2 Identical Glasses

Directions: Fold the paper towel in half horizontally. Cut off about 1/3 of the paper towel. Save the smaller section for later. Draw the rainbow colors on one end of the paper towel in rectangular blocks. Make sure to go over the colors a few times with markers, so there is enough dye to go up the towel. Repeat the same on the other end. Make sure the colors line up on both ends. Pour water into the two glasses until 3/4 full. Place the two ends of towels into the cups. 1/2 of the rainbow blocks should be in the water. Do not fully submerge the entire colored portion in the water. Watch the colors grow!

Send me pictures of your children trying this at home to: kcHoover@mledp.org
