Which STEAM skills can be applied?	E- Building scenery and clips of scenarios from a dream
Child's Role in the Activity (e.g., Leadership/ Participant)	Leadership- in explaining their scenario Participant- in building their scenario and listening to others explain their
Is additional staff needed? If so, describe.	No
Space Needed:	Inside tables (opt. Reading area)
Activity will work in multiple spaces?	Maybe? If the student want to work at tables to build and then move to reading area to act out or perform their scenes
<u>Materials Needed?</u> Legos, paper, pencil	
<u>Activity Introduction/ Sell It:</u> Have you ever had a crazy dream that you thought might be a good movie idea or tv show? Well in the Lego Dream Factory, you have the chance to build and create a short preview of what that dream would look like using legos!	
Activity Directions: 1. Have the kids write or draw out a small scene of their dream that they will then start to build. This drawing is only a rough draft and does not need to be colored 2. Once they have shown their draft, let them go to the lego bins and have them start to build their display. 3. Kids can work individually or in small groups	Step-by-step description including rules and procedures. Continued back of form.
